Important Health Warning About Playing Video Games

Photosensitive seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these "photosensitive epileptic seizures" while watching video games.

These seizures may have a variety of symptoms, including lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

Immediately stop playing and consult a doctor if you experience any of these symptoms. Parents should watch for or ask their children about the above symptoms—children and teenagers are more likely than adults to experience these seizures. The risk of photosensitive epileptic seizures may be reduced by taking the following precautions: Sit farther from the screen; use a smaller screen; play in a well-lit room; do not play when you are drowsy or fatigued.

If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

Story

The mighty nation of Shinkoku Trastrium, sole super power and center of civilization, dominates the world.

It is a hybrid civilization melding modern industrial technology with spiritualism and religion. The upper class, known as demigods, rule over humankind in a strict hierarchial society.

But even the great demigods of this world have a vexing problem--the Gohma.

These monstrous creatures borne of defiled land instinctively attack demigods, humankind, and civilization itself.

Virtually powerless, humankind is at the mercy of daily attacks by the Gohma. Their only hope lies with the demigods.

Asura and his comrades, known as the Eight Guardian Generals, ultimately led the Shinkoku Army to victory over Gohma Vltra, the source of all Gohma, after many bloody, hard-fought battles.

Thus, Shinkoku Trastrium enjoyed a brief moment of peace.

But this tranquility was shattered by the assassination of their emperor and the framing of Asura for the crime. Asura's comrades, the other seven Guardian Generals, were behind it all!

His darling daughter was abducted by the Guardian Generals and his wife Durga slain.

Defeated and cast down from Heaven by the Guardian Generals, Asura vowed vengeance upon his former comrades as his life slipped away.

Our story's hero. Was once one of the Eight Guardian Generals that led the Shinkoku Army, but was betrayed by his seven Comrades, who abducted his daughter, slew his wife, and left him to die. But even in death, he was filled with an indelible rage that led him back to the world of the living.
